Bus 4x4 Updates

Throughout the past month our engineers have continued to work on some ground breaking projects. We still can't reveal any details, but we are getting excited to announce this new collaboration project. Stay tuned to find out more!

Last month was a busy time of connecting with our partners and exploring last minute orders for the current financial year. If you're looking to upgrade or expand your fleet, make sure to talk to our team today.

From transforming the vehicle's interior to adding 4x4 capabilities with the help of our professionally engineered 4x4 Conversion Kit, our team has been working hard to build conversions that are as comfortable as they are stylish.

To begin your 4x4 conversion journey, [talk to our team](#) today.

Exploring Australia's Great Outdoors

In our latest blog, we explore some tips for adventurous travellers including an underrated destination to consider visiting, choosing the right vehicles, planning ahead, and caring for the environment.

Read the blog [here](#) to discover how Bus 4x4 can revolutionise your operations.

Did you know that the sand found on Fraser Island is thought to originate from the NSW tablelands. This island experience is not one to pass over, with freshwater springs, sandy coastlines, and several great walking tracks, Fraser Island is a must visit location.

One of the best ways to explore the island is with a 4WD vehicle, offering access to many camping and hiking tracks, and remote locations across the island.

Get ready to tackle this ultimate off-road adventure. Hire a Bus 4x4 van or bus and embark on this thrilling adventure.
