In this newsletter, we are pleased to introduce our latest workshop updates, and the latest from the Bus 4x4 Group.

Connect with our team via our website or our social media pages for our latest updates or any enquiry.

Warm Regards,
Bus 4x4 Team.

BUS 4x4 UPDATES

Following the recent AFAC and AIMEX Conferences, the team have been bombarded with new vehicle orders. The workshop is in full production mode with conversions of Toyota's new 2023 HiAce and Coasters rolling off the production lines ready for client delivery. We recently had the opportunity to take two of these new models out to test them and record them in action.

Our team has been working hard to build 4x4 conversions that are comfortable, stylish, and durable. From the red sand of the Simpson Desert through to the sandy shores of K'gari Island, our Bus 4x4 vehicles are professionally engineered to tackle every terrain.

Your next 4x4 destination: Mungo National Park

This national park is full of surprises! It has a rich Indigenous history engrained. The 'Walls of China', and sunsets over Lake Mungo are guaranteed to impress.

Hidden within NSW's Willandra Lakes Region World Heritage Area in the south west of NSW. A perfect spot to sight see, stargaze, camp and immerse yourself in Indigenous culture and history.
